

Comprehensive Planning Committee

Wednesday, March 25, 2009

Chairman Tom Champaigne opened the meeting at 4:10 p.m. Present were: Dennis Smet, Marcia Caven and Gerald Anderson. Absent were: Jennis Swenson, Don Korhonen, Tim Follis, Myron Olson and Dean Baillie.

The future land use map was colored according to categories. Tom will color a copy of the map for the town and send one copy to Michael Kinnick at Northwest Regional Planning with a map legend. A proof map will be requested to be sure all is correct. Tom noted he contacted Michael with corrections to the draft of the comprehensive plan, and these corrections were done over the phone.

The next steps to be taken will be a commission appointed by Dennis as chairman of the town board. When everything is checked over for errors, a public meeting will be held. This may not take place until fall.

Another next meeting will not be held until needed.

The meeting was adjourned at 5:10 p.m.

Respectfully submitted,

Marcia Caven, Clerk
